DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 294A to Eden, Texas, as that community's first competing FM service. The FCC Data Base currently shows channel 283A vacant allotment to Eden, Texas. Eden is an incorporated city with a population in excess of 1,675 people. Eden has its own mayor, Tomas Kelso, its own school system, its own post office, its own fire department, its own city hall and a number of local churches. The proposed channel 294A to Eden will provide additional diversity and an outlet for local self-expression to Eden residents and therefore is in the public interest.
